Dear Bob,

I am delighted to retain maritime in my portfolio because of the vitally important role the sector plays in this nation's success and the host of opportunities that Maritime 2050 and London International Shipping Week (LISW) present for the industry. Ongoing partnership working between government and the sector will be crucial for achieving shared ambitions for the future and I am excited to work collaboratively to achieve it. The Annual Report served a reminder of the brilliant work that can be achieved when we work collaboratively. Thank you for attending the launch event.

I am pleased to hear that you will be launching the Chamber's innovative Safety Culture Charter during LISW. As you know, I am an advocate for the importance of safety at sea, which is why I launched the Safety Action Plan during Maritime Safety Week at the start of July. The Chamber's Safety Culture Charter will complement our safety efforts and make working in the Maritime sector a safer prospect for all.

I would like to express my gratitude again to the Chamber for its support in development of the Clean Maritime Plan. I hope we continue to collaborate as we take forward implementation of the Plan's commitments and move towards our ambition of net zero emissions in the shipping industry by 2050.

I look forward to continuing to work together to deliver the ambitions of Maritime 2050, during LISW and beyond, working to position UK maritime for even greater success.

Yours sincerely,
